The latest announcement is out from [Ecopetrol SA](#) ([EC](#) -3.42% ▼).

On April 28, 2025, [Ecopetrol](#) S.A. announced that it received authorization from the Ministry of Finance and Public Credit to execute a \$500 million loan agreement with Banco Santander, S.A., with a five-year term and interest indexed to the SOFR rate. The funds are intended for non-investment expenses and to help achieve the company's Gross Debt/EBITDA target for 2025. This agreement highlights the international financial sector's confidence in [Ecopetrol's](#) strategy, despite challenging market conditions, and supports its financial objectives.

Spark's Take on EC Stock

According to Spark, TipRanks' AI Analyst, EC is a Outperform.

[Ecopetrol](#) SA exhibits strong financial performance and a compelling valuation, with a high dividend yield suggesting income potential. Operational efficiency and cash flow are strengths, though high leverage and revenue volatility pose risks. The earnings call underscored record production and environmental achievements, despite some setbacks in refining and gas production. Technical indicators suggest caution with current downward momentum in the stock price.
